Based on my review, I recommend rebuilding your existing website in Wix Studio, retaining your current branding and valuable content while creating a more professional, modern, and cohesive online presence for Impact Control Systems.

To complete the project, I'll focus on the following:

- Redesign and rebuild the 5 main pages, 5 service pop-ups, and 4 job vacancy pages in Wix Studio.
- Create a polished, professional design that reflects your expertise in building management and energy control systems.
- Optimize the website for Desktop | Tablet | Mobile | iPad.
- Improve the page layouts, typography, visual hierarchy, navigation, and user experience.
- Implement basic on-page SEO.
- Provide unlimited revisions during development.
- Include 30 days of support after delivery.
- Provide instructional videos to help you manage the website's basic content and updates independently.

For the complete project, my price will be $650 USD, and I will share the first draft within the next 3-4 days after your confirmation.

Item	Qty.	Duration	Price
build wix website, design wix or redesign wix website for your business	1	9 days	$650
Total			**$650**
